

Agenda

3/11/10, 12:15p – 1:30p, GC Business and Conference Center

(enter through the doors “far right” on the building and walk to the back of the big conference room)

Subgroup for “Pilot Project” Ideas

(Energy Efficiency, Job Creation, Sustainable, Etc.)

Introductions:

More brainstormed ideas?:

-

Potential criteria for sorting ideas:

- Sustainable
- Job development
- Training/education
- Demonstrate evolving effort
- Meet existing needs
- Cost...local cost (resources, \$\$, inkind) and requested amounts
- Demonstrate feasibility
- Integrate with other projects
- Ability to leverage more \$\$\$s and other resources

Decide what criteria we would like to use

Decision on a “Pilot Project”. Are we ready?

- How complicated do we want to make this?
 - Dots?
 - Force Field Analysis?
 - Multi-voting or Nominal Group Technique (Ranking!!)?
 -

Next Steps:

- Follow up research and data gathering
- How format the proposal, who write, and to whom, by when, etc.....
-
-
