New Business

Diana Ingalls-Leyba and her crew of “art campers” presented the design for a mural to be installed on the dome feature at the skate park. The design includes a dragon/phoenix character representing the dragon that was destroyed in the Penny Park fire and the renewal of Penny Park after the fire. It also includes Syzygy glazed tiles and painted mural cloth. Susan moved to approve the mural permit; Luan seconded and the motion passed unanimously.

Approval of Minutes

Jessa suggested the minutes should reflect which historic district any application is in. She also noted that in the June 28th Minutes the S was omitted from Black’s. David moved to approve the minutes with the correction. Susan seconded and the motion passed unanimously.
