The Procurement Code, § 13-1-28 through 13-1-199 NMSA 1978, imposes civil and criminal penalties for its violation. In addition, the New Mexico criminal statutes impose felony penalties for illegal bribes, gratuities and kickbacks.

INVITATION FOR BID

The Town of Silver City will receive bids on a general contract for **Homeowner Rehabilitation**. All bids must be on the total project; segregated bids will not be accepted.

Bids will be received at the **Town of Silver City Purchasing Department, 101 W. Broadway, Silver City NM 88061 until August 25, 2011 at 11:00 a.m.** Bids will be read aloud shortly there after at the same location.

Plans and Specifications for said work may be examined and/or obtained at the office of the Town Purchasing Agent at 101 W. Broadway, Silver City, NM, (575) 538-3731.

Bidders shall clearly mark on the outside of the sealed bid envelope **BID 11/12-3, Town of Silver City- Home Owner Rehabilitation** and give bidder's name and address.

General Conditions

The following bid is made for furnishing goods or services to the Town of Silver City. The bidder declares that the amount and nature of the goods or services to be furnished is understood and that the nature of this bid is in strict accordance with the conditions set forth and is a part of this bid and that there will at no time be a misunderstanding as to the intent of the specifications or conditions to be overcome or pleaded after the bids are opened.

The bidder, in submitting this bid, represents that he is an equal opportunity employer and will not discriminate with regard to race, religion, color, national origin or sex in the performance of this contract.

The bidder hereby proposes to furnish the items or services described in this bid F.O.B. Silver City, New Mexico, at the unit prices quoted herein after notice of bid award, unless otherwise noted in the bid. Bidder must fill in all information asked for in the blanks provided under each item. Failure to comply may result in rejection of the bid at the Town's option.

The Town reserves the right to reject any or all bids or to waive technicalities at its option when in the best interest of the Town.

If the items, which have been called for, have been identified by a "brand name or equal" description, such identification is intended to be descriptive, but not restrictive and is to indicate the quality and characteristics of products that will be satisfactory. Bid offering "equal" products will be considered for award if such products are clearly identified in the bids and are determined by the Purchasing Agent and requesting Department to be equal in all material respects to the brand name products referenced. Unless the bidder clearly indicates in his bid that he is offering an "equal" product, his bid shall be considered as offering a brand name product referenced in the Bid Specifications.

Equal shall be taken in its general sense and shall not mean identical. Specifications are for the sole purpose of establishing minimum requirements of level of quality, standards of performance and design and are in no way intended to prohibit the bidding of any manufacturer(s) item of equal or better quality. The Town of Silver City shall be the sole judge of equality in their best interest and decisions of the Town of Silver City as equality shall be final.

Pursuant to Section 13-1-108 NMSA 1978, the total amount bid shall exclude all applicable taxes including applicable state gross receipts tax or applicable local option tax. The Town will pay for any taxes due on the contract and will pay any increase in applicable taxes which become effective after the date the contract is entered into in addition to the bid total base upon separate billings which the successful bidder shall submit with each request for payment. Taxes shall be shown as a separate amount on such billings or request for payment and shall separately identify each tax being billed.

Bids deposited with the Town cannot be withdrawn prior to the time set for opening bids. Request for non-consideration of bids must be made in writing to the Purchasing Agent and received by the Town prior to the time set for opening bids. After other bids are opened and publicly read, the bid for which non-consideration is properly requested may be returned unopened. The bid may not be withdrawn after the bids have been opened and the bidder, in submitting the same, warrants and guarantees that his bid has been carefully reviewed and checked and that it is in all things true and accurate and free of mistakes and that such bid will not and cannot be withdrawn because of any mistake committed by the bidder.

After bids are opened and publicly read, the bids will be tabulated for comparison on the basis of the bid prices and quantities shown in the bid. Until final award by the Town of Silver City, the Town reserves the right to reject any or all bids, to waive technicalities and to re-advertise, or proceed to do the work otherwise when the best interest of the Town will be realized.

Bids will be considered irregular if they show any omissions, alterations of form, additions, or conditions not called for, unauthorized alternate bids or irregularities of any kind. However, the Town reserves the right to waive any irregularities and to make the award in the best interest of the Town. The Town reserves the right to reject any bid or any part of a bid in part and all bids are subject to reservation.

The successful bidder may not assign the rights awarded and duties of an award without the written consent of the Town. Such consent shall not relieve the assignor of liability in event of default by his assignee.

Delivery date is an important factor to the Town and may be required to be part of each bid. The Town of Silver City may choose to award a bid to a single bidder holding a low total bid versus individual low bidders of individual items when in its best interest based on delivery of goods and/or services. In addition, after an award has been made, should a supplier not be able to provide goods and/or services as stated in a bid, the Town may pursue purchasing an item from the second low bidder if agreeable with the second low bidder. Any price difference may be charged to the first bidder awarded goods and/or services. The Town may at its discretion, extend delivery date when in its best interest.

The Town reserves the right to demand bond or penalty to guarantee delivery by the date indicated. If order is given and the bidder fails to furnish the materials by the guaranteed date, the Town reserves the right to cancel the order without liability on its part.

The Town will make payment within fifteen (15) days of receiving invoicing unless unusual circumstances arise. Invoices shall be fully documented as to labor, materials and equipment provided. No order shall be made prior to the approval of an authorized purchase order number. Purchase order number is required on all transactions.

All specifications will be of new or most current goods or services unless specifically indicated in specification documentation.

The quantities shown on any bid for the purchase of goods and/or services are estimated quantities only.

The Town of Silver City reserves the right to purchase more or less than the quantities shown. In any event, the unit prices shall govern.

Bidder warrants that all deliveries made under a contract will be of the type and quantity specified; and the Town may reject and/or refuse any delivery, which falls below the quality specified in the specifications. The Town shall not be held to have accepted any delivery until after an inspection has been made and an opportunity to exercise its rights of rejection has been afforded.

All manufacturer's warranties shall insure to benefit the Town and replacement of defective materials shall be made promptly upon request. Failure of the Contractor to make reasonable delivery as and when requested shall entitle the Town to acquire quantities from alternate sources wherever available, with the right to seek reimbursement from the Contractor for amounts, if any, paid by the Town over and above the bid price. All materials shall be free of any and all liens and shall upon acceptance thereof become property of the Town free and clear of any materialman's, supplier's or other liens.

Regardless of the award of a contract hereunder, the Town retains the right to purchase the same or similar materials or items from other sources should it be determined that doing so would be in the Town's best interest, based on cost and quality consideration; however, in such event the contractor will be given the first option of meeting or rejecting the proposed alternate sources lower price or higher quality. Acceptance by the Town of any delivery shall not relieve the contractor of any guarantee or warranty, express or implied, nor shall it be considered an acceptance of material not in accordance with the specifications thereby waiving the Town's right to request replacement of defective material.

These specifications are based upon design and performance criteria which have been approved by the Town of Silver City. Subsequently, these specifications reflect only the type of equipment, materials or supplies that will be accepted. Therefore, exceptions may be considered if they are minor, equal or superior to that which is specified and provided that they are listed and fully explained on a separate page entitled, "Exceptions to Specifications". The exceptions shall refer to the specification page if available, item number, paragraph or other identification. The Town shall determine which exceptions (if any) are acceptable and this determination shall be final.

This procurement will be conducted in accordance with the Procurement Procedures of the Town of Silver City, all applicable Federal Laws, State Laws and Municipal Ordinances.
